THE NEWS OF THE WEEK.

A Daily Resume of Latest Happenings.

JULY 11th.

State Inspector Hines has completed his semi-annual examination of the books and accounts of the State Auditor and Treasurer, and reports that these officials have in all respects complied with the law.

Representative Richardson minority leader in the House, characterized as "ridiculous" and "clerical" the President's action in waiting until the adjournment of Congress to launch his anti-trust campaign.

President Charles W. Elliot, of Harvard College, was unanimously elected president of the National Educational Association yesterday at Minneapolis. The principal speeches of the day were by Secretary of Agriculture Wilson, Dr. Jacob Gould Schurmann and Mrs. Carrie Chapman Catt.

Gov. Stone has written to the Sheriff of Carbon county, in the Pennsylvania anthracite region, refusing as yet to send troops to maintain order. Gov. Stone says that the National Guard are not police officers, and that the civil authority must first be exhausted before the militia can be used.

Gov. Stone has written to the Sheriff of Carbon county, in the Pennsylvania anthracite region, refusing as yet to send troops to maintain order. Gov. Stone says that the National Guard are not police officers, and that the civil authority must first be exhausted before the militia can be used.

Race trouble has again broken out at Eldorado, Ill., and Gov. Yates has ordered the militia to preserve order and run down the whites who are prosecuting negroes. The house of the Rev. Peter A. Green, a negro preacher, was visited by an armed mob of twenty members, who stoned the building. The preacher opened fire and is believed to have wounded one of the leaders.

According to an estimate of the Red Cross Identity Depot, which served as a casualty bureau for the Boer forces, the Boer losses during the war were 3,700 men killed or died of wounds; 32,000 made prisoners, of whom 700 died. The Boer forces in the field numbered about 75,000. The Boer Government's official papers have been turned over to the British, giving a complete history of Mr. Kugor's relations with foreign powers.

Secretary Root will take to President Roosevelt the Vatican's reply to the proposal with reference to the friars' lands. In comment on the removal of the friars, Secretary Root said that it was not deemed to be to the interest of the Philippines for the purchase money of the friars' lands to be created into a fund for the attempted restoration of the friars to parishes from which they are now separated, with the consequent disturbance of law and order.

An appalling explosion occurred yesterday about 12:20 o'clock in the Rolling Mill mine of the Cambria Steel Company, near Johnstown, Pa., and it is estimated that 125 men were killed, but the loss of life may be greater. Most of them were foreigners and on this account it is said that the list of names will never be known, because they went by numbers. The greatest bravery was displayed in attempts at rescue, and several men in this way lost their lives. The explosion is supposed to have been caused by fire damp.

JULY 12th.

Brotherhood of Locomotive Engineers have expressed their sympathy with the strikers in the Virginia mining district. Asst. Superintendent Carlisle, of Chesapeake and Ohio, has notified the road's agent at the Windy mine not to bill coal over the Chesapeake and Ohio from that mine. President Mitchell in advising the delegates of District No. 1, at Nanticoke, Pa., expressed confidence in the successful outcome of the anthracite strike.

At a meeting of the Afro-American Council in St. Paul yesterday considerable opposition was raised to Louisville as the next meeting place by delegates who opposed a state where "Jim Crow" laws were in force. Bishop Clinton declared in an eloquent speech that the negroes would receive treatment as fair and courteous in Louisville as any Northern city, and the session of the Kentucky metropolis

was made unanimous.

Much secrecy is maintained by the War and Navy Departments over the proposed Atlantic coast army and naval maneuvers this summer. There will be two sets of maneuvers. In the first a fleet representing "the enemy" will attempt to elude the defending fleet. In the second an attack on the land forces will be made by the "hostile" squadron.

An agreement by which the freight handlers' strike is virtually settled was reached at the conference in Chicago yesterday between the railroad managers and union leaders. The agreement, it is expected, will be ratified today by the strikers. The result is a complete victory for the railroads.

The grand jury at Minneapolis has indicted Mayor Ames, Fred W. Ames, superintendent of police, and Joseph Cohen on the charge of accepting bribes. Mayor Ames' attorney demanded immediate trial, but Judge Harrison said the case must take its turn. He named July 14 as the day for trial.

The feature of the evening session of the National Educational Association at Minneapolis was an address by Archbishop John Ireland, which was mainly a plea for clean and truthful journalism. Prof. R. P. Hallack, of Louisville delivered an address at the morning session.

Adm. Gen. Murray yesterday issued orders relative to the coming occupation of the State Guard at Mammoth Cave, which begins July 30 and closes on August 18. The second regiment, its hospital corps and the Whitesburg company, will be the first organizations to go into camp.

Harry Tracy the Oregon outlaw, has again given his pursuers the slip. The posse that yesterday morning started from Renton with bloodhounds last evening returned to Seattle without the fugitive.

The answer of the Vatican in regard to the Philippines was delivered to Judge Taft last night at Rome. It was translated and was sent by cable to Washington.

JUNE 13.

Kentucky's portion of the Federal Government's annual appropriation for the State military is \$27,614.37.

The Hon. John B. Chenault has announced his candidacy for the Democratic nomination for State Auditor.

United States Consul McWade, at Canton, China, reports 3,000 deaths from cholera in Peking, and over 10,000 from the same disease in Kwellan.

Secretary Moody has ordered the gunboat Marietta to go to Bluefields and Greytown, Nicaragua, and report the situation. It will go to Colon, Columbia, and relieve the Machias, which will proceed to Cape Haytien.

Chairman Griggs, of the Democratic Congressional Committee, announces that he has made ineffectual efforts to secure the special foreign discount sheets of several of the great business houses of the United States, believing they would make excellent campaign documents for the Democrats, showing that trust-made goods are sold cheaper abroad than in this country.

The last negro in Decatur, Ind., once a station on the underground railway, left yesterday on account of threatening letters sent him. Troops are still on the scene of the recent race troubles at Eldorado, Ill., though all is quiet there. No arrests have been made, it being the intention of the authorities in investigating the outrages perpetrated against the negroes to turn their information over to the grand jury.

A petition was handed yesterday to Secretary Stone, of the Chicago Board of Trade, asking that a "margined" price be fixed on July corn, which has been cornered by a party headed by John W. Gates. The object is to fix a fair price on corn based on the unmanipulated market. There is a rule for such a step, but it has not been taken in twenty years. Gates' manager, in commenting on the petition, said: "If a lot of fellows have sold wind let them take the consequences."

Lord Kitchener, with his staff, including Gen. Warren and Ian Hamilton, arrived yesterday morning at Southampton, and were given

an enthusiastic welcome. At Paddington Station, London, the Prince of Wales, Lord Roberts and a host of notables received Lord Kitchener. London gave him one of the greatest ovations ever accorded any man. After a luncheon at St. James' Palace, at which the Prince of Wales presided, Lord Kitchener was taken to Buckingham Palace, where he was received by the King and Queen. King Edward presented the recently established Order of Merit.

The Rolling Mill mine, near Johnstown, Pa., has given up 112 bodies of the victims of the explosion. Five may be added to this number, but it is thought this will be the total of the fatalities, unless some bodies are hid away in some secreted parts of the mine. A man who was in the mine at the time of the explosion states that it was known that a certain section of the mine had given evidence of the presence of gas, and he believes that the explosion was caused by heavy blasting.

JULY 14th.

President Mitchell yesterday said that it was impossible to forecast the action of the Indianapolis miners' convention. He apparently believes that if a general suspension is not ordered, provision will be made for a defense fund for the anthracite miners. It is said that the National Civic Federation will make one more attempt to end the strike. Thirty soft coal dealers, some of whom are also operators, met yesterday in New York for the purpose of discussing the strike situation. It was agreed that the possibility of suspension of work in the bituminous districts would be the dealers with a light supply of coal. Another meeting will be held next Wednesday.

Secretary Root has issued a letter to those who have charged that proselytizing for the Protestant religion was permitted in the public schools in the Philippines. He quotes a recent dispatch from Acting Gov. Wright, in which the charge is flatly denied. Acting Gov. Wright refers to the Rev. Father William D. McKinnon, a member of the Advisory Board of Education, who also denies the charge. Secretary Root also quotes from a recent address of Archbishop Ireland, where this prelate states that the Philippine public schools are being conducted on a strictly nonsectarian basis.

It is not expected that Gov. Taft will secure from the Vatican all the claims set out in his note. It is reported that the outcome may be a compromise, the gradual withdrawal of the Spanish friars. Another report is that this phase of the question could be settled at once if the United States Government would accept the oral assurance of the Vatican that the friars would be withdrawn gradually.

Articles of consolidation were filed at Frankfort yesterday by the Elizabethtown, Lexington and Big Sandy Railroad Company, the Kentucky and South Atlantic, the Ohio and Big Sandy and the Ohio River and Charleston companies, all branches of the Chesapeake and Ohio. The name of the consolidated corporation is the Lexington and Big Sandy Railway Company.

Late last night the total number of known dead from the explosion in the Rolling Mill mine, near Johnstown, Pa., was ninety. 18 men were brought out alive and sent to the hospital. Three more sections of the mine have to be examined, and it is believed that as many more are entombed in them.

An investigation of the race trouble at Eldorado, Ill., is in progress, with a probability that the members of the mob accused of outrages perpetrated against negro residents will shortly be discovered and arrested. Assistant Adj. Gen. Ewert, with a detail of militia-men is on the scene.

Prof. B. B. Hunsont, of Louisville, was elected secretary of the American Association of Instructors of the Blind at the closing meeting of the Association at Raleigh, N. C.

Prof. R. P. Hallack read a paper at the meeting of the National Educational Association in Minneapolis. The convention came to a close yesterday after the most successful meeting in the association's history.

W. B. O'Connell, of Mt. Sterling, has announced his candidacy for the Democratic nomination for Clerk of the Court of Appeals.

JULY 15th.

Sir Ling Chen Lung, a graduate of Yale, has been appointed a Chinese Minister to the United States. The Crown Prince of Siam will be accompanied to the United

States only by his brother and two aides-de-camp.

Marion B. Wittholt, a former newspaper man of Lexington, has been promoted to First Lieutenant in the regular army.

The Marquis of Salisbury resigned the premiership of Great Britain Friday, and King Edward appointed the Right Hon. A. J. Balfour to succeed him.

Mrs. Maggie Wagner committed suicide at Russellville, Mo., upon learning that she had been married to her half brother, from whom she had been parted since childhood.

Everything is quiet in the anthracite coal region, and miners and mine operators alike are awaiting the result of the national convention of the Mine Workers, to be held at Indianapolis Thursday.

The Indiana State Board of Health reports 520 cases of smallpox in that State in June against 692 cases reported in May. There were three deaths in June, while there was only one fatal case in May.

Prospects are not bright for a settlement of the freight handlers' strike in Chicago. Both sides are becoming stubborn, and it is doubtful if today's conference will make any progress toward settlement. The teamsters and longshoremen will continue to aid the freight handlers.

Mayor Tom L. Johnson, of Cleveland, is reported to have confided to former Congressman La Follette that he is an aspirant for the Democratic presidential nomination in 1904. He also promised Mr. Pence that he would make a few speeches in Colorado, and probably in other Western States.

The Illinois Central railroad has issued another drayage tariff, in which it agrees to assume charges on all competitive traffic in Louisville. The Southern railway will get out a similar circular today. This is the third chapter in the drayage fight, in which the merchant public is deeply concerned. The Louisville and Nashville will probably come forward with a still more sweeping tariff this week.

The number of deaths as a result of the explosion in the Cambria Steel Company's mine at Johnstown, Pa., is 114. It is believed there are no more bodies in the mine. The four State Mine Inspectors spent several hours yesterday going over the scene of the explosion. They will make no public statement until the coroner's inquest is held. The funerals of victims of the accident drew large congregations to the various churches.

The President and Secretary Root were busy discussing the negotiations with the Vatican respecting the Philippine friars to attend church yesterday. The position of the friars is regarded as a menace to the peace of the islands and as an obstruction to their government and to the civilization of their inhabitants. It is understood that a note is being drafted in response to the communication of the Pope, in which the United States will demand that the friars be eliminated.

REPULSIVE FEATURES. Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and establish a healthy complexion. Only 50c at A. M. Hughes.

OBITUARY.

In memory of our beloved friend and school mate, Gool Vaughan, who was born September 17th 1884, died July 1st, 1902. It seems hard indeed for one who was just feeling the vigor of manhood and whose future was so promising to be snatched away from loving friends.

It was a sad scene to witness, as his friends and relatives stood around his couch watching the young life that was so fast ebbing away. Gool was a kind, loving son and brother. Everyone he met was his friend. He never had any enemies. The night was never too dark or the rain falling too fast for him to do any one an act of kindness when he was called on.

He was buried in the family burying ground near his grandparents home on the second day of July 1902. Rev. Hulet, who preached the funeral sermon, gave a very touching description of Heaven and its immortal glories.

Weep not, father, mother and friends, but meet me in heaven where there will be no sorrow or pain but all will be joy and gladness. A Schoolmate.

\$11,000 CASH

Will be Yours if You Estimate Nearest the Vote of Three States.

OPEN TO OUR SUBSCRIBERS.

As already announced, the BIG SANDY NEWS has arranged for its subscribers to take part in a contest in which \$25,000 is to be paid to those who make the nearest correct estimates as to what the total vote of New York, Pennsylvania and Michigan will be in the races for Governor next November. Read our big advertisement and find out all about the plan. The vote of these states for several years past is given therein, so that all may be saved the trouble of looking the matter up.

SPECIAL OFFER. It was first to allow an estimate only with each dollar paid on advance subscription, but we have now decided to allow an estimate with each \$2.00 paid on back subscription before Sep. 1st. Also, every subscriber who pays up ahead and procures one or more estimates with same, may enter as many additional estimates as he desires at the rate of 50 cents for one estimate or \$1.00 for three.

Numbers on our premium offer which has been standing for some time will not be given with any payment that is accompanied by an estimate.

It is costing the News no small amount to furnish its subscribers with this great privilege and the terms prescribed will not be varied from in the least for any one. The earlier your estimates are in the greater the prize will be if you are the nearest estimator.

Coke Ovens on Tug.

The annual report of the Pocahontas Coal & Coke Co., recently made public, contains some interesting figures and statements in view of the fact that the United States Coal & Coke Co., operating in the interest of the United States Corporation, has leased 50,000 acres from the company and are at present letting contracts for the erection of ovens. The Pocahontas company's report says in part:

"The company has coal lands in Montgomery, Giles, Pulaski, Tazewell and Buchanan counties, Virginia, and in Mercer, McDowell, Wyoming, Raleigh, Boone, Logan and Monroe counties, West Virginia, aggregating about 255,000 acres, and comprising about four fifths of what is known as the Pocahontas, Flat-top coal field. The Norfolk & Western is the owner of all the shares of capital stock of the Pocahontas Coal and Coke Co., except qualifying shares held by directors.

"The Pocahontas Coal & Coke Co. does not engage directly or indirectly in the business of selling of coal or coke, its purpose being to make leases on coal lands to operating companies. The leases now made the royalties are ten cents per ton on coal and 15 cents per ton on coke. Prior to the close of the year 1901 about 25,000 acres of the company's lands were under lease to 25 mining companies in active operation, and from these lands during 1901 there were produced 2,645,682 gross tons of coal and 677,190 tons of coke, and the royalties therefrom amounted to \$588,575; in addition to which 5,417 acres were under lease to six mining companies who were engaged in opening mines and building ovens, but shipment from these leases did not begin until after January 1, 1902. A lease of 50,000 acres additional has been executed to the Illinois Steel Co., the coal and coke therefrom to be used in furnaces and works owned or controlled by the United States Steel Corporation. The lease provides for the erection of not less than 1,000 coke ovens on or before December 31, 1902, an additional 1,000 on or before December 31, 1903, and a further additional 1,000 on or before December 31, 1904. It also provides for the payment of minimum royalties, and its performances by the lessee is guaranteed by the United States Steel Corporation. The number of acres of and leased from the Pocahontas Coal & Coke Co. is as follows:

By the Pocahontas Coal & Coke Co., 2,140; by the Illinois Steel Co., 50,000; and by various other companies, 29,426 acres.

A PERFECT LIVER MEDICINE. Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at A. M. Hughes.

MORTON FREEZE WATSON.

BY F. F. S.
Sleep on, dear beautiful eyes.
No longer shot with pain:
Far above the blue of skies
You've seen the golden gain.

An angel kissed your lashes,
Soft as a violet's bloom:
And the dream immortal dashes
The tears from cheeks of gloom.

Yes, perhaps they see us now
All bright with angel smiles:
While we sit and wonder why
They shone in other whiles.

Sleep on the immortal sleep.
Dear, sweet, tender eyes:
Faith will hope and Faith will weep.
Till ours He glorifies.

Er now some fair angel-child
To the throne hath led thee:
Ah! how the dear Christ smiled
As His hand there fed thee.

"Give him, angel, a harp of gold
To match his little fingers."
This He said—and as if fingers
He kissed him—how it tingles!

Hand in hand they go away—
Ah! which is the fairer?
The angel to sing, the boy to play
Each in a joy a sharer.

"How long have you been up here?"
Asked the boy, one day.
Then the angel said: "My dear,
This has been my home away."

"Close up to the throne I stay,
Near the child's Christ I stand:
He sends me to sing, you to play—
This dear, is Summerland."

"Will papa come to Summerland?"
And will mamma come, too?"
The boy took the angel's hand,
As he looked him through.

"Yes, my dear," the angel said,
Singing a rare old tune:
"Here they'll find their living dead—
The boy they lost in June."

A Few Interesting Items From
the County Seat of Floyd.

There has been quite a number
of railroad men in town this week,
and there are fair prospects of hav-
ing railroad transportation to this
place shortly.

May & May, Attorneys-at-Law
bought a 1-8 acre lot of Ike Rich-
mond for \$500. Property is ad-
vancing here weekly.

Attorney Bill May has bought
a house and lot of the May heirs
for \$1500.

Mrs. Lucy Dyre died here yes-
terday.

Peter Loar, of Laynesville, is here
today.

Misses Cass Tiller and Golda By-
ington have returned from a visit
in Boyd county.

Jay Fraley has just returned
from a five weeks' squirrel hunt,
and is tired of eating them.

The time for holding our consti-
tutional convention is near at
hand, and Hon. F. A. Hopkins is
fighting as no other candidate in
this district has fought before.

We feel confident he will go into
the convention with enough votes
to nominate him on first ballot.

With Hopkins in Congress we be-
lieve we will have slack water at
Prestonsburg for four years.

Judge James Gobbe, the distin-
guished jurist and citizen of our
town, will be an excellent man for
Circuit Judge in this district; and
we feel quite sure our citizens, ir-
respective of party, will urge him
to make the race.

The Prestonsburg Normal School
will open July 28th, and continue
ten months. The corps of teachers
has been increased, and all possi-
ble efforts to secure the best re-
sults will be made. W. M. Bying-
ton will be Prin., and E. M. Kenni-
son, of Lebanon, Ohio, first assist-
ant. Prof. Kennison comes well
recommended, being a graduate of
the Business, Scientific and Classi-
cal course of the National University.

Peter Gollubue,

MELVIN.

J. C. Hopkins went to see about
his mineral trade. He had leased
his mineral and as the company
failed to pay as per contract he
concluded that they are not paying
1-5 the worth of the mineral. He
has 950 acres of mineral land.

George Mullins, on Rock House,
sold 200 acres of mineral land for
\$10,000 and the same company is
offering \$30 to \$40 per acre for all
they can buy.

This county has almost been in
a famine. She is reviving fast
now as she was filled up with
working men and no work to do,
until the grand old C. & O. started
their work and now they are fur-
nishing plenty of work, paying
good wages and that is the way to
bring a country out.

Guss Little has returned from
McDowell.

E. V. Hall and R. S. Frasier
paid Otter creek a visit last Sat-
urday.

Misses Nannie B. Frasier, Flor-
ence Hall and several other girls
went to a big party last Saturday
night.

PAINTSVILLE.

Our little town is bustling.
Our bank is doing a banking
business.

A number of business men ar-
rive daily and express an interest
in the coming boom for the Big
Sandy, yet the only present egress
and ingress here is by means of
hack line and the citizens of the
country are joining in with the
hack line companies and taking a
part and yet can hardly accomo-
date the travel.

Our people in general are at work
splendid crops throughout the
country.

The lodge of our town (known
as the Never Scent) has almost
gone down and loaded out.

Our efficient Dr. F. M. Bayes has
now under construction a brick
factory, with modern improve-
ment which will make a good turn
out.

We note the over hauling of our
bank building and several other
buildings which will add some lit-
tle to the appearance of our town.

We regret to note the death of
one of our oldest and best townsmen,
Wiley William, who was buried in
the Paintsville cemetery, July

Successful Meeting Closed. New
Newspaper. Good Crop Re-
port.

Rev. J. H. Stambaugh, of John-
son county, and Rev. H. W. Elliott,
of Henry county, closed a success-
ful series of meetings in the Chris-
tian Church Sunday. Rev. Elliott
is State Evangelist for the Chris-
tian Church, and is a man of rare
ability. His series of sermons was
very interesting. Quite an im-
pression for good was made by the
meeting.

Emmett S. Ferguson, of Louisa,
arrived here Thursday for the pur-
pose of establishing a newspaper
and job office. We are glad to
know that we are to have a paper
here. The rapid progress of busi-
ness demands an organ of expres-
sion.

Hon. Joe Marrs, our Police Judge
and our town Marshal, J. P. Nel-
kirk, are keeping close track on
the law violators here. Some of
the boys kick and squeal and
swear "down at the big gate as usual,"
but we never heard of a criminal
or would be criminal falling in
love with an earnest officer of the
law.

Dr. Smith Keffer, of Glenwood,
Carter County, has been here on
business the last few days.

Quite a number of the Common
Schools, throughout the county be-
gin today.

Young Mr. Robt. Auxier, son of
John Auxier, of East Point, was
here Friday and Saturday on busi-
ness, and also visiting relatives.

Crop reports from all sections in
this part of the country are good.
The Divine hand graciously favor-
ing the farmers.

M. W. Maynard, who has been
in for some time, is much better
now.

ADAMS.

Misses Brilla and Julia Copley,
of Irad, visited relatives here Sun-
day.

of losing a fine horse last week.

Miss Isabel Hicks and others at-
tended church at Brammar Gap
Sunday.

Mat Pennington and wife visited
relatives here last week.

Wabash.

Miners Wanted.

Good miners and machine men
can get steady employment at good
wages at the Kentucky Block Can-
nel Coal mines in Morgan county.
For particulars apply to M. L. Con-
ley, Supt., Cannel City, Ky.

OVERDA.

Mrs. Sam Large visited Mrs. Jim
Kelley this week.

Sam Large was the guest of Bob
Young recently.

E. M. Clevenger was at Dan Du-
laney's Tuesday.

We are glad to say that Miss
Merica Large, who has been sick
for some time, is improving.

E. M. Clevenger and wife spent
Sunday on Irish creek. Dogwood.

A. R. Bass, of Morgantown, Ind., had
to get up ten or twelve times in the
night and had severe backache and
pains in the kidneys. Was cured by
Foley's Kidney Cure. A. M. Hughes.

Notice to Taxpayers.

Until further notice no county
claims over \$5 will be accepted for
any one person for taxes of 1902.
I can only settle legally with the
county and State in cash. County
orders are to be paid by the Treas-
urer. Taxes are now past due and
I am coming after them. No please
get ready. Jesse H. Corbly.

N. & W. IMPROVEMENTS.

The Norfolk and Western Rail-
road proposes to spend \$1,000,000
dollars along its line in various
improvements. This company has
already expended vast sums of
money in bettering its road-bed
and equipment, and the work goes
on. The net earnings have been
put into the property rather than
into the pockets of the stockhold-
ers. The company is earning a
large percentage on its common
stock, but only 2 per cent. of the
earnings is being paid to the stock-
holders. It is deemed wiser to
improve the property rather than
to pay large dividends.—Wayne

REPUISIVE FEATURES.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50c at A. M. Hughes.

RAILROAD NEWS.

The C. & O. to Rebuild Line From Louisa to Catlettsburg.

The C. & O. railroad is to take immediate steps toward rebuilding its present line of railroad from the Big Sandy bridge, three miles above here, to Catlettsburg. Engineer Lester will begin the survey at once. The plan is to straighten the line, correct the grades, and make fills and masonry take the place of trestles wherever possible. This will involve a heavy expenditure, but it is an absolute necessity in order to handle the business that will result from the extension of the line from Whitehouse to Virginia. New and heavier rails will also doubtless be laid on the entire Big Sandy division.

From the Big Sandy bridge above here to Whitehouse the work of filling the trestles and improving the line generally is well along toward completion.

Chief Assistant U. S. Engineer B. F. Thomas went to Buffalo Shoals, eight miles beyond Whitehouse, a few days ago and inspected the proposed site of the bridge which the C. & O. desires to erect across the river at that point. It is said he found the site satisfactory from the standpoint of the government's interests.

The work of converting the tram road purchased from the Greasy Creek company into a railroad just below Whitehouse is now going along rapidly.

A party of engineers said to be working for the Seaboard Airline is surveying a line down the Kentucky side of Tug river through Pike, Martin and Lawrence counties to Louisa. Considerable curiosity is being excited by this movement, the object of which does not appear to be clear to any one.

The N. & W. engineers are still busy on the line down Tug and Big Sandy, but there does not seem to be quite so much activity in right of way matters as there was for awhile. A good portion of it has already been secured.

OUR NEIGHBORS.

Wiley Williams died at Paintsville Sunday.

Dr. Dave Osborne has been appointed a pension examining surgeon at Pikeville.

Catlettsburg and Ashland are having an epidemic of whooping cough.

Thomas M. Patton, Olive Hill, has been granted a pension of \$10 per month.

A pension of \$10 per month has been granted to John Phillips, of Deskin, Pike County.

Arch Pack, an old resident of the lower Big Sandy, opposite Kavanagh station, died a few days ago.

The Sixth Quarterly meeting of the Central Tri-State Medical Society met at Clydeside Park yesterday.

The Camden Interstate street railway is now carrying express and baggage and will soon be doing some freight business.

John W. Dillon, the machinist of Catlettsburg, is ill with cancer of the stomach and he will probably live but a short time.

The remains of W. M. Robinson passed through here Tuesday for East Point, his old home. He died at Panther, W. Va., of heart failure.

The Post-office department has ordered an inspector to Flat Gap, Johnson county, to investigate charges against Postmaster Hatfield. The charges, which allege general neglect of duty, are said to be the outcome of a contest over the post-office.

John P. McCarthy, a western man who was in the Big Sandy valley a short time ago looking after mineral investments, was swindled out of \$100 in New York by a man who claimed to have a swindling scheme to tap a wire and "beat the races."

The Republican Executive Committee of the Tenth Congressional district met at Paintsville and fixed the convention for August 14 at Winchester. The committee decided that the counties should hold mass conventions and send delegates to the district convention.

The Tri-State Chautauque which closed at Clydeside last Friday was a financial success. After paying all expenses they have a fund left for next year. Miss M. Annie Ponge, of the Ashland Daily Independent, was the prime mover in the enterprise, having begun the campaign for its establishment more than two years ago.

The railroad boom is now on in the Big Sandy Valley. Down at Whitehouse, the terminus of the Big Sandy Division of the C. & O. Railway, the camps are up and about 150 men at work.

At the mouth of Shelby Creek,

10 miles above here, camps are up and a force of men at work, and it does not seem that it will be long until the C. & O. system will pass through the "Breaks" of Sandy. The distance from Whitehouse to the "Breaks" is 87 miles.—Enquirer.

John Edward Keyton, a young man from Morgan county, had a narrow escape from death at Ceredo. He was crossing the C. & O. bridge over Twelvepole creek near the place when a train approached from both east and west. In his haste to get off the bridge he fell about 25 feet, alighting on a wire fence on the east side of Twelvepole. He had an arm broken, a finger cut and other injuries about his body. He was taken to Mose Copley's home, where he boarded. Dr. Hopkins, who attended him thinks he will recover.—Catlettsburg Daily Press.

The Tri-state Chautauque closed Friday night with a high school oratorical contest. The contestants were: Miss Rosella Cannon, Ironton, Ohio; Miss Lucy Lowry, of Catlettsburg, Ky; Miss Emma Withrow, of Charleston, W. Va.; Homer Reckard, of Huntington, W. Va.; and George N. Gadsby, of Ceredo, W. Va. The first prize, \$25, was awarded Miss Withrow, the Charleston young lady, and the second prize, \$15, went to Miss Cannon, of Ironton. Catlettsburg showed her loyalty to her contestant and the delegates from that city presented Miss Lowry with \$25 in gold.

Wallis Estep, a ten-year-old boy, son of C. Estep, a prosperous farmer living on Mine Fork of Paint creek, about ten miles from Salyersville, was shot by H. C. Jenkins about twenty-three years. The ball entered the hip, ranging toward the knee. Jenkins was calling on young Estep's sister and went to the house to see her. He asked the boy to leave and the boy refused. Jenkins chased him around the house two or three times and through the house, and as he went to go out at the door and across the fence Jenkins fired. The boy is not expected to live. Jenkins was arrested and is now in the custody of the officers.

An important conference of men who are financially interested in the development of coal properties along the Big Sandy River in Eastern Kentucky was held at the Grand Hotel Wednesday morning. The parties to the conference were John C. C. Mays, of Paintsville, Ky.; J. R. Thomas, of Charleston, W. Va.; Attorney E. S. Jountt, of Winchester, Ky.; and W. F. Hite, of Huntington, W. Va. The company represented by these men owns valuable coal lands in the section and according to Mr. Mayo is arranging for extensive improvements in its coking plant.—Cln. Times Star.

Salyersville, Ky., July 14.—Jack Collinsworth, who killed Pierce Patton, County Assessor, on the 10th of February last, who has been at large ever since, and for whose arrest Gov. Beckham offered a reward of \$200, and Magoffin county a reward of \$50, was arrested by Calloway Howard and C. D. Sublet, of this place, and lodged in jail. He had his examining trial and was allowed bail in the sum of \$6,000 which he failed to give. Patton was carrying the United States mail from Salyersville to Prestonsburg and was shot while on the road about six miles above this place.

We are reliably informed that a contract has been entered into by the heirs of the late W. H. White, to develop the "Bowling silver mine" on Ellington's Bear Creek, Boyd county. It is well known by the older people in the East Fork country that back in the 40's old man Bowling made silver half-dollars that passed current and he claimed the "mine" was located on his farm, now the lands of White's heirs. In the life time of "Squire White he spent considerable time in trying to locate the mine, and in making search, found a pair of "molds" supposed to have been used by Bowling. The new contractors, as we understand, are practical men and feel confident of success—in fact they are to begin operations in thirty days.—Ashland Daily Independent.

Richmond, Va., July 14.—Garfield Potter, of Catlettsburg, one of the desperate outlaws who has, for a year, been terrorizing Eastern Kentucky and southwestern Virginia, was accidentally killed in Dickson County yesterday. The father, who lives in Kentucky, came for the body of his son. Enemies of the gang to which Potter belongs also came over, all armed to the teeth. They found only George Potter and agreed that he might go across the "line" to see his brother buried and then take his chances for escape.

Several felony indictments are pending against George in the Court of Pike County. Potter's enemies will probably land him in jail. Great excitement prevails at Osborne Gap, where Potter died, as part of this gang are supposed to be hiding in the mountains. It is feared that there will be depredations committed by them. The gang, besides several women, now consists of George Potter, George Flecker, producing beyond and at most estimate, a number of other desperadoes.—Enquirer.

The Flemings are closely related to Cal and Henon Fleming, who together with Doc Taylor, are said to have murdered the Mullins family at Pond Gap in 1891. The Potter gang took part in the Vance-Vanover feud on Elkhorn Creek, in Kentucky, last spring and had to leave, after which they took up quarters in an old log cabin on the Virginia side, near Osborne Gap. They have since that time been a constant terror to the citizens.—Enquirer.

The young people of Louisa intend to give an entertainment about July 29th, at the Opera House. One of the objects is to entertain the school teachers, who will be our guests during Institute week. In addition to the home talent on the program, Miss Josephine Brown and a quartette from Huntington will take part.

R. A. Stone has been elected City Marshal, to fill the vacancy caused by the resignation of Al Wellman. He has the qualifications for making a good official and will no doubt see that the laws are complied with. We understand that the streets are to receive some much needed attention at his hands. Drain tile is on the ground for putting down a sewer to drain the low section on the west side of Lock avenue.

A Great Profit Sharing Contest!
\$25,000
IN 1,000 CASH PRIZE.

First Prize \$10,000; Second Prize \$3,000; Third Prize \$1,000. Five Special prizes of \$1,000 each for Early Estimates.

Every subscriber to The Big Sandy News will have an opportunity to share in these magnificent prizes if he wishes to participate in the Great Educational Contest in which these prizes are given.

The subject matter of this great contest is the total vote cast for Governor in the States of New York, Pennsylvania and Michigan on the 4th day of November, 1902.

Every person interested in the science of Government should be interested in the elections in these states. An election in New York is always of national import, and in point of political significance, Pennsylvania's second in importance only to the great Empire State, while Michigan is rapidly becoming an important factor in the sisterhood of States. Much valuable information can be gained by a study of the political conditions involved in the elections to be held in these three States.

CONDITIONS OF THIS GREAT CONTEST

Every subscriber who remits \$1.00, on advance payment for One Year's subscription to The Big Sandy News will receive one certificate that will secure for him any prize which his estimates entitle him to claim.

When you send in your subscription, also send your estimates of the total vote for Governor of the three States. Write your name, address and estimate in the Subscription Blank below and mail it to The Big Sandy News, Louisa, Ky. The contest will close at midnight, November 3, 1902, and your estimate received after that hour will be allowed.

The official certificates of the Secretaries of the three States, showing the total vote for Governor, will determine who are entitled to the prizes, and the awards will be made by a distinguished Committee of prominent judges, just as soon as the official figures can be obtained.

Here is the List of Prizes.

To the nearest correct estimator \$10,000.00
To the second nearest correct 3,000.00
To the third nearest correct 1,000.00
To the fourth nearest correct 500.00
